Gillian's™

Gluten-Free

Dedicated to a Gluten, Peanut, TreeNut & Sesame-Free Environment.

My daughter was diagnosed with Celiac disease in 1992 when she was six years old. Our family joined a support group and we quickly realized that there was a shortage of "good tasting" gluten-free products available. Being an executive chef, I knew that I needed to come up with products that my daughter, and everyone else with this autoimmune disease, could eat and enjoy. It took years of research and trials to develop a bread that didn't fall apart... and didn't taste like cardboard! That was back in 1996, since then the gluten-free category has seen an exceptional growth period which does not seem to be slowing down any time soon.
